sunnysoyoos.com has been an active website with a growing on-line community for almost 4 years. The website has experienced great acceptance since it was first launched in 2002. For this we are very grateful for all the participation and acceptance we have received.

sunnysoyoos.com is and always has been owned and operated by the local Soroptimists of Osoyoos, a totally non-profit organization. Soroptimist is an International women's service club, with thousands of members in hundreds of countries around the world. Here in Osoyoos, we became a club in 1986. Since then we've maintained a high level of involvement in such community projects as, literacy programs, scholarships and bursaries, women's opportunity awards and the transition house for abused women and children. Recently we also contributed significantly to the newly built Osoyoos skateboard park for the kids. All our funding is made possible by proceeds from this website and other projects we run annually.

2005 statistics show this website averaged over 200 server side unique hits per day, totaling over 75,000 visits from different IP addresses! These statistics are from the server logs, not inaccurate web based counters.

We can guarantee that we have REAL traffic and its only going to increase significantly this coming year with the new direction of our newly launched up-graded website.

Our community webpages:

Our original and most desired way of advertising on the website. We offer a terrific deal to our participants here. With great exposure, and an overwhelming amount of average daily and yearly traffic, you can be certain that with your 1 year participation fee your business will have been exposed to more people than any other way known for this small of expense. In fact several of our participants simply rely on their sunnysoyoos webpage as their main web presence as they know they receive more activity from their webpage here than if they had their own website!

With the re-build and new direction of sunnysoyoos.com we have changed our approach to our community webpages and are now targeting any business in the South Okanagan. We have always accepted our Washington State neighbors as participants. This now allows for anybody with a business in the South Okanagan or Oroville Washington areas to be participants here on sunnysoyoos.com.

We encourage the participants to supply their own pictures and text for their webpage. We currently have a few volunteer photographers and writers that will accommodate the participant if needed. We currently are able to supply these services at no extra cost if they are local to Osoyoos. We cannot guarantee how long the availability of these services will last at no additional cost. The prices listed for our community webpages include all setup costs, photo enhancement, thumbnail and webpage creation. There are no other costs or fees. We do reserve the right to edit any picture or text write-up as needed. We also reserve the right to refuse any photo or text submitted. The links to outside websites, and the integrity of the links are the sole responsibility of the participant. You can upgrade your webpage at any time (fees will apply). You can cancel your webpage at any time at no cost. If there are no changes to your webpage you will receive an invoice annually for the renewal fee only.
